ATTORNEY'S DOCKET NO.: 875.0124.U1(US)

TITLE: Method And Apparatus Providing Integrated Load Matching Using Adaptive  
Power Amplifier Compensation

Mail Stop Issue Fee  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

**REMARKS ON NOTICE OF ALLOWANCE AND FEE(S) DUE**

This paper is herewith submitted in conjunction with payment of the issue fee in response to the Notice of Allowance and Fee(s) Due mailed on December 30, 2008 for the above-referenced file. Enclosed with this paper please find a copy of an initialed Form PTO-1449 for an Information Disclosure Statement previously filed on April 25, 2008 in conjunction with a Request for Continued Examination. While it is believed that the enclosed initialed PTO-1449 already forms part of the official image file wrapper for this application, said document currently is not visible in the PAIR system. The Examiner was kind enough to provide a copy of the initialed form. This paper is being submitted to ensure that the initialed PTO-1449 is officially of record and, furthermore, is visible for anyone inspecting the file.

Respectfully submitted:

  
Alan L. Stern
